Product Migration Notes

Customers currently using Tenable Lumin and Tenable Lumin Connector will be upgraded to the Tenable One Platform for both new and renewal purchases. Please contact your CSM if you wish to migrate before the renewal date or last order date to take advantage of Tenable One capabilities, including Vulnerability Management, Web Application Security, Cloud Security, Identity Exposure, OT Security, Attack Surface Management, and more.

FAQs:

Q: Why is Tenable moving Lumin standalone customers to the Tenable One platform?

A: Tenable is consolidating Lumin functionality to the Tenable One platform and therefore the standalone SKU is no longer required. Converted customers will benefit from the Tenable One Platform feature set including Lumin and Lumin Exposure View.
