

Updated: June 30, 2024

Tenable is announcing the End of Life of Tenable Core with CentOS 7 effective 6/30/2024. Customers will receive continued support through the End of Support date. Table 1 describes the end of life milestones and definitions for the impacted products(s).

Table 1. Milestones and Dates

Milestone	Definition	Date
End of Life (EoL) Announcement Date	The date at which the end of life of a product is distributed publicly.	June 30, 2024
Last Day of Support	The last date to receive product support. After this date, support is no longer available and the product is considered obsolete.	June 30, 2024

Table 2. Impacted SKU's and Recommended Migration

Impacted SKU	Description	Replacement SKU
N/A	Tenable Core with CentOS 7	Tenable Core, latest version

Product Migration Notes:

CentOS 7 operating system has reached End of Support on June 30, 2024. Therefore, Tenable Core has moved to Oracle Linux 8 as the base operating system. Customers should download and run the most recent version of Tenable Core, available from the Tenable [downloads](#) page.

Tenable Technical Support

Technical support is necessary to ensure your technical issues or usage questions are resolved in a timely manner. Tenable support experts are available 24 hours a day, 7 days a week, and are available via a variety of convenient methods, including the Tenable Support Portal, phone, email and chat.

Customers with Tenable Technical Support are entitled to a number of predetermined technical support contacts who may: create cases, search the knowledge base, review product documentation, and download software updates. For more details, please refer to the [Tenable Technical Support Guide](#).
